We can...we will...together!

Working hard for something we don't care
about is called stress.

Working hard for something we do care
about is called passion.

Culture, mission, vision and values are equally important

Culture – the way the whole school community behaves

lead by it's vision and values

Mission – what do we want for all our children?

Vision – what do we want to become, what are we striving to achieve?

Values – how will we get our children there?

Ethos – how we feel about our school,
children, staff,
parents, Governors – whole school
community

School belief – We can...we will...together

Time to look back together at whether
we have
changed in our values, ethos, culture,
core thinking
since September 2017?

Why are we looking at this now?

Help stakeholders focus on what is important

Informs strategy development

Gives others a snapshot of what you are about

Enhances image as being competent and professional

Ensures a common purpose

for all:-

Mission:-

What is our primary objective?

What do we want for all our children?

Vision:-

What do our children come in like?

What do we want them to leave like?

Values:-

will get our children
to where we want them to be?

To empower our children to be the change-makers of the future.
