

A message for you all

As we come to the end of the spring term, we want to say a heartfelt thank you for your continued support. Working in partnership with you makes such a difference, and it truly means a great deal to us as a school. We are incredibly proud of your children: of the progress they are making, the confidence they are building, and the enthusiasm they bring into the classroom each day. We are already looking forward to the summer term and to seeing everything they will achieve by the end of the year. With their hard work and your support, we know they will continue to thrive. Thank you once again for everything.

Reading expectations

As we are a school for very young children we only set a small amount of homework via the Seesaw App - our main and most important homework is **READING**. This is crucial for the academic success of your child. Even if no other homework tasks are completed this is the one activity to do. Reading is the key for every part of learning and needs to be practised daily wherever possible. If you can't always read with your child then maybe they could read to a relative, reading to a favourite teddy, when the weather is lovely you could even read in the garden, or take a book to the park to read!
